Summary of expert test

Ioana (France) - Group 9 & **Maria** (Denmark) – Group 2

What story is it ?

The movie is Harry Potter. The story is about Harry Potter and the Hat's scene when the hat will choose Gryffondor.

Comments: Both of the users was able to find the story.

Do you understand the different type of characters? Wich characters do you know ?

McGonagall, Dumbledore, the hat, Snape and Harry Potter.

Comments : Both of the users was able to understand and identify the characters.

Do you understand what to click on ?

Ioana: Well, I understand where to click, I think all the click fulfill my expectation.

Maria: Yes, I don't think you should change something. I understand where I should click.

Comments: Both of the users are able to understand where they should click.

Do you expect something to happen when you click on the different interaction?

Maria: I expect some sounds when the Hat will appears, I expect than the hat will be able to talk.

Ioana: I expect to be able to click, maybe I would like to have more easter egg, one easter egg is fine for me but maybe I would like to see one or two more.

Comments: Discuss with the team with the probability to add some sounds effects when the hat appears and if we should keep one easter egg or add one more.

Do you think the interactive animation will be interesting for the target group ?

Ioana: Yes, totally.

Maria: Yes, It fits well the target group.

Comments: Both of the users agreed and think the animation will be interesting for the target group.

Did you laugh or get surprised during the test ?

Maria: Yes, I think it was funny to click on Snape and it was a smart move to choose Snape for the easter egg.

Ioana: Yes, I think the same too.

Comments: Both of the users laughed about Snape's interactivity.

What is your overall impression ?

Maria: Really good, nice flow, I really like the close-up on harry potter, we can stay focus on the animation. Nothing needs to be change, the story is not to long, not too short.

Ioana : The animation looks good, it follows the original story and it's interactive.

Comments: Both of the users are satisfied and can't wait to see the final result.

Enhancements to do:

Group comments : Add sounds effects. Sharp the Design.
